FAMILY MATTERS@SCHOOL PROGRAMME

As part of our continual efforts to connect and work with parents for the benefit of our children, Ngee Ann Secondary has adopted the Family Matters@School Programme which is under the umbrella of the Ministry of Social and Family Development (MSF).

2 Family Matters@School adopts a holistic family learning model which includes equipping parents with resources, knowledge and skills to better connect with their children. The parent-child relationship has much impact on the children's academic achievements and their development into socially-adept individuals with positive life skills. It also provides parents with trainings in life skills.

3 Throughout the year, Family Matters@school collaborate with the Parent Support Group (PSG) and Dad's For Life to organise various parent workshops and bonding activities which aim to allow parents to better understand their children and to foster better parent-child relationships. We strongly encourage parents to take full advantage of these programmes so as to reap the rewards of building a strong family unit with their children.

4 The co-ordinator of this programme is Mdm Lim Beng Choon. Should you have any queries, please feel free to contact her via email at ngeeann.sfe@gmail.com or SMS your queries to her at 9616 2621.

5 Please refer below for the parent workshop and father-child bonding activity planned for Term 3, 2018.

6 We look forward to receiving your registration and seeing you at this workshop/activity. Please note that for workshop/activity with limited places, successful registration will be on a first-come first-served basis. Thank you.

can meet with fellow fathers, make new friends and to share parenting experiences and challenges.

Details:

- Registration is on first-come first-served basis for a maximum of 20 parent-child pairs.
- Please note co-payment of \$35 per pair. Any additional child will be charged at \$35 per child. Payment will be collected on the day of event.
- Once you have registered for the activity, you will receive a confirmation from the Coordinator and your registration will be deemed confirmed.
- If you have registered and do not turn up for the event, you will be charged the full payment of \$70 per father-child pair as the school is unable to subsidise any absentee.
- Please note that a minimum of 15 pairs sign up by 7 July 2018 is required to proceed with the event.
- Please make your own arrangement to travel to the venue by 8.40am for attendance marking; the event will commence sharp at 9am.
- Other relevant details will be given to registered participants in due course.

#2. Parent workshop: 21st Century Framework for Parents (FFC-P2-2016S) (3hrs) on 4 Aug 2018, Sat, 9am -12noon by Mr Alvin Lee from Foundation Facilitation and Consultancy

What should parents know to ensure that their children and youth are learning and developing efficiently? In this competitive era of the 21st Century, there are many factors and competencies that are essential. With limited time and resources, how do we know which competencies to focus on to develop the best in our children? The MOE 21st Century Competencies Model provides a good indication of the current education climate in Singapore and it allows parents to understand what the education system is trying to groom our children and youth to be. But knowing the competencies is not adequate. What exactly are these competencies and how can parents play a vital role in supporting their children in their development - academically as well as building strong character and resilience?

In this interactive session, workshop facilitator Mr. Lee Seng Teck, a certified counsellor cum facilitator will share with you the competencies required and how parents can be better involved in their children's development.

At the end of the workshop, parents will learn the following:

1. What does the 21st Century Framework entail
2. How can parents better support their children's learning – academic and non-academic
3. How can parents communicate with their children and youth when they need emotional support
